

DIGITAL FORUM BRUSSELS– Conference Details

Ahead of Kitty's participation at the Festival next week, I wanted to provide you with some final information regarding the event.

The most recent version of the conference programme can be found at www.digitalfestival.eu.

1) Conference Venue

The venue for the event will be The Egg (Bara Street 175 1070 Brussels Belgium)

The registration desk will be located in the lobby of the building, and there will be a dedicated speaker registration-desk where Kitty will be able to collect her programme, badge and her food&drink voucher for the day. Staff at the desk will also be there to direct her towards the speaker room or the room where her session will take place.

2) Your speaking contribution

She will speak in the FinTech and Startup pitches sessions between 13:00 - 14:00 - in the Cinema Room. We are organising all planning and logistical details for this session, however should Kitty have any questions at all regarding the content of the session and discussion I would advise her to reach out to Michael Mellinghoff directly - He will be able to give some insights on how exactly the session will run and what sort of questions he is expecting speakers to answer.

3) Contact details

We have noted Kitty's mobile number in case we need to reach her on the event day.

For any assistance that you may require from us in the final run-up to the event, please contact the Digital Festival team:
